Raleigh, North Carolina

EDUCATION

Software Development Bootcamp, Springboard	Completion: May 2026
Bachelors, Professional Pilot, University of Central Missouri	Graduation: May 2021
Associates, Computer Science, Pratt Community College	Graduation: May 2018

EXPERIENCE

Transportation Associate(T3) - Amazon **June 30th 2024 - Current**

- manages trailer yard activities, performs local hostler moves, conducts audits, and ensures safe, timely trailer flow.
- Supported Transportation Operations Management at Amazon by coordinating yard movements, ensuring trailer and dock compliance, and leveraging AWS technology to track loads, manage inventory, and optimize transportation operations.
- DOT compliant CDL driver (Class A).

Associate(Picker,ICQA,AFM,Pack)(T1) - Amazon **October 14th 2021 - June 30th**

- entry-level, hourly associate position in fulfillment centers, focusing on hands-on production tasks like picking, stowing, and packing to prepare customer orders.
- Supported Amazon Robotics (AR) floor operations by troubleshooting and maintaining drives, managing inventory and orders through AWS systems, assisting with amnesty processing, and supervising 12–15 associates as Acting QB to ensure safe, efficient performance.

PIT Operator - Dollar Tree **October 10 2018 - July 7th 2021**

- Operated reach truck equipment at Dollar Tree to safely move, stock, and organize palletized merchandise within the warehouse while meeting productivity and safety standards.
- Maintained accurate inventory control by tracking stock levels, performing cycle counts, verifying shipments, and ensuring proper product placement to support efficient order fulfillment.

PROJECTS

- **StopWatch** - digital tool used to measure and record elapsed time with precision
- **ToDo List** - digital tool that helps users organize, prioritize, and track tasks or projects
- **Weather App** - digital application that provides real-time and forecasted weather information, including temperature, precipitation, wind, and severe weather alerts
- **Random Quote Generator** - generates a random quote without repeating the same one
- **Calculator** - digital device used to perform mathematical calculations quickly and accurately. It can handle basic arithmetic such as addition, subtraction, multiplication, and division, as well as more advanced functions

TECHNICAL SKILLS

- Proficient in HTML, CSS, and JavaScript, building responsive, accessible, and user-friendly web interfaces with a focus on performance and usability.
- Experienced with front-end frameworks like React, Vue, and Bootstrap, including state management, component-based architecture, and basic API integration.
- Knowledge of version control (Git/GitHub), browser debugging tools, cross-browser compatibility, and responsive/mobile-first design principles.
- Familiar with CSS preprocessors (Sass, LESS), task/build tools (npm, Webpack, Vite), and module bundlers to streamline development workflows.
- Understanding of UI/UX principles, accessibility standards (WCAG), and SEO-friendly front-end practices.
- Exposure to testing frameworks like Jest or React Testing Library to ensure quality and maintainability.
- Comfortable collaborating in Agile/Scrum environments, participating in code reviews, and learning modern front-end technologies and best practices.
